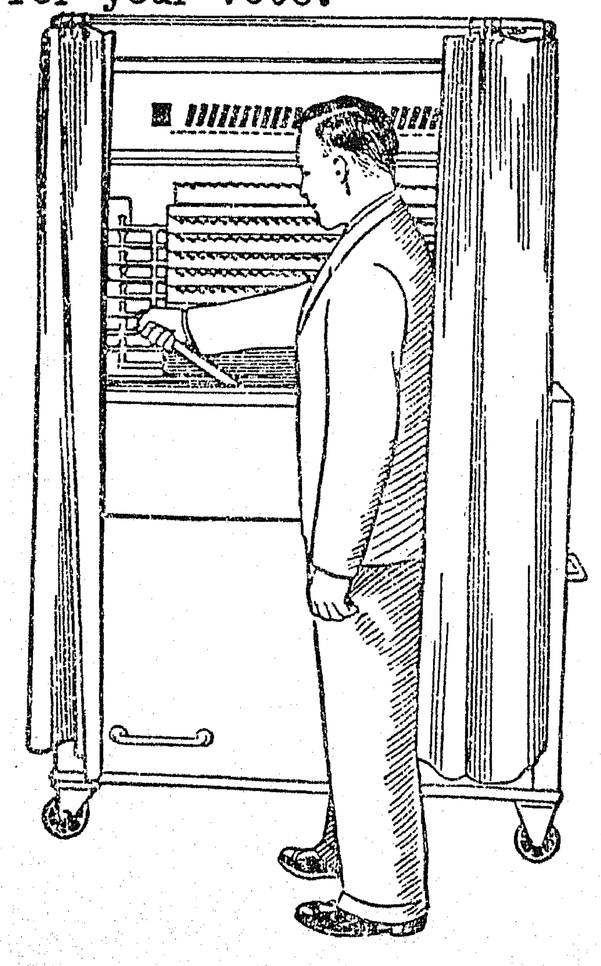
• TO VOTE

Enter booth. Close Curtain by pulling red handle all the way to the right.

The machine is now ready for your vote.



• TO VOTE A STRAIGHT TICKET

Pull party lever to the right.

This locks down all the pointers of your party.

You have now voted for your party's entire list of candidates.

Now pull the red handle all the way to the left. This registers your vote and opens the curtain, returning the pointers to their original state.

• TO SPLIT YOUR TICKET

First, pull a party lever to the right.

Then push up pointer over each candidate you do not want.

and push down the pointer over the corresponding candidate you do want.

Complete each split before making the next.

(If you do not want to vote for either candidate for a particular office, leave both pointers up. This will not invalidate your ballot.)

Now pull the red handle all the way to the left.

• TO CORRECT A MISTAKE

If you pull the wrong party lever you cannot push it back. Just push up all the wrong pointers and turn down the pointers for all the candidates for whom you want to vote.

• TO WRITE IN THE NAME OF A CANDIDATE

Pull the party lever you want. Then push up the pointer over the candidate you do not want. Push up the slide at the top of the voting machine directly above this candidate. Hold it. On the paper under the slide write the name of the person for whom you wish to vote. Let the slide down.
