Approved minutes from September 14th meeting.

Finalized all photos, text, and audio for our four test points of interest.

Added an additional point of interest, the mural Saugatuck in the 19th Century. Use Marpe's audio for this site and then tape additional audio for Town Hall that includes other murals in town hall. Richard will do prior to meeting.

Miggs will upload all photos, text and audio to Eric.

Discussed "Let's Connect" meeting which is set for Wednesday 18th at 11:30 at Playhouse. Will need to test Apple TV and screen prior to meeting to display test of Otocast sites on screen. Do agenda and prepare presentation. Nancy will do Let's Connect intro, Richard will do intro to Otocast, Judith Bacal will speak about Otocast Norwalk and Deirdre Price will present Otocast Westport prototype. Check in with Nancy about food and drink for Let's Connect meeting.
