Re: Town of Westport Other Post-Employment Benefits Program
Actuarially Determined Contribution (ADC) and Net Budget Impact for FY2018

Dear Gary:

Per your request, we have determined the ADC for FY2018 based on a projection from our July 1, 2015 valuation and using the actual OPEB trust balance as of July 1, 2016. The attached exhibit shows the details of our calculations broken down by employee group.

These calculations are based on the results of our July 1, 2015 valuation and assume that there have been no changes in the membership, premiums, or benefits other than as predicted by our actuarial assumptions; no plan changes; and no changes in the actuarial methods and assumptions. Please see our July 1, 2015 valuation report dated October 3, 2017 for information regarding the plan provisions, actuarial methods and assumptions, and plan membership. The explanatory notes contained in the valuation report, including statements of reliance and limitations on use, continue to apply.

The undersigned is a member of the American Academy of Actuaries and meets the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein.

Please let me know if you have any questions.

Sincerely,

Rebecca A. Sielman, FSA
Consulting Actuary
