Please find appended to this memorandum a final revision to the above-referenced Administrative Regulation. This revision reflects the several discussions we have had at public Board meetings and incorporates all the modifications suggested by the Board and the Administration.

Students

Student Records

For reasons related to: (1) consistency in providing information and (2) ensuring that documents sent to receiving private, parochial or other public schools have been seen previously by a parent or guardian, it is the policy of the Westport Public Schools that for all students K-12, *only* official health records, cumulative report card information, report cards and student records are to be released to such receiving schools.

Student records are to be sent to receiving schools only after written permission from a parent or guardian of a student has been received in the school office.

Where teachers elect to respond to parent/guardian requests for recommendations to private, parochial, other public schools, or summer academic programs, such letters of recommendation shall be reviewed by the Superintendent or his/her designee within 48 hours of submission of the letter for review. The review process is necessary to ensure that the Westport Public Schools are not exposed to any liability by virtue of such letters of recommendation.
