We have gone from a society that followed the principle of deferred gratification to one of entitlement. This country is rapidly imploding based on this progressive communistic ideology that every man is entitled to live wherever he chooses. Those of us who oppose the insanity of building affordable housing on 122 Wilton Rd .are ready to scream at the idea of building on Barons So. So we voiced our opposition in the Westport Journal and have been called " ignorant Karens" which as you know is akin to using the " n" word.This push to desegregation is polarizing and destroying the town where I have lived since 1967.
