I apologize that I can't attend the meeting today.

Now that the Trust Fund is established and the town is implementing ways to help fund it , a discussion about the potential for fee- in - lieu payments for some required affordable units would be worth adding to the agenda soon.

Whether it be applicable to fractional units, some , or even all it units it would be helpful to start that discussion.

Over the years we have explored some offsite solutions (ie Res C, senior housing, Richmondville). A broader look could help accelerate the creation of more diverse housing opportunities in Westport.

I would be happy to participate.

Thank you
