Michele,

Please add the following to the folder for this application.

Thank you,

Michael and Shelly

Dear Members of the Zoning Board of Appeals,

In January 2024 we noticed construction of a “chipping” golf hole on 4 Compo Parkway, which we abut at the back of our property. A conversation with P&Z staff indicated that the residents had not filed for a building permit. Our primary concern has been the potential change in drainage. In the past, we have had silt runoff in our swimming pool, which we believe originated from construction further up Compo Parkway. This required costly remediation. We do have secondary concerns around violation of setback rules and safety—both of which are covered well in Ms. Casey’s letter of October 13 to you.

We hope that you will follow the staff recommendation and thank you for your consideration.

Michael and Shelly Kassen
