Subject: Old Mill Grocery text amendment

Hello,

I'm writing now as a private Westport resident in strong support of text amendment 846. My use and enjoyment of our "town jewel" Compo has over the 31+ years I've lived in town been facilitated by the "Elvira's -OMG" experience - sitting at the picnic tables, enjoying the food, and watching the world go by. I think that applies to others who don't live close to the beach. Please pass the amendment.

Thanks - for all -

Wendy Batteau
